NO maintenance	X	✓
Average maintenance cost per year	£150	£0

ENJOY THE OUTDOORS

Spring has sprung and before you know it summer will be here, therefore it's time make sure you are making the most of your outdoor space! Reformed Plastics offer a wide range of furniture to help you to make the most of your outdoor space. Due to the ever-increasing importance to recycle & protect the environment, our products are made from 100% recycled plastic. All the plastic used is recycled in the UK and is a perfect alternative to wood. Our aim is to help rebuild the environment by utilising a commodity, which people would otherwise just throw away, and so turn what to some would be rubbish into a valuable product for everybody.

The benefits of Reformed Plastics products:

- It is UK designed and built
- Bespoke design solutions
- Safe and secure
- No splintering
- Maintenance free
- Easy to clean
- A range of colours and textures
- Will not need painting or staining
- Will never rot
- Strong, durable and wear resistant
- Sustainable sturdy alternative to traditional material.
- Non-slip decking
- Lasts for over 50 years
- Resistant to vandalism
- Resistant to salt water

- Resistant to chemicals
- Resistant to insects and bacteria

Why Are Our Products Different?

Plastic lumber is the perfect alternative to anything that has ever needed maintaining. It can be cut with a regular saw, drilled, nailed or screwed into and routed as easily as wood, but can also be cleaned with anything from only a damp cloth to a pressure washer if you wish, without causing any harm.

What Can The Plastic Be Used For ?

The manufactured plastic has many practical and very useful properties. The main base of our products are in the form of planks and posts which can be used on their own for garden fences, both low for front gardens and high for side and back fences for instance, along road sides and around fields and paddocks just to name a few. It is also possible to produce a number of other products out of our plastic, such as picnic tables. These would vary in size, suitable for adults and children. Park benches, outdoor tables, square or rectangular plant boxes, decking and seating...the list is endless.

Financial Benefits

Achieving value for money is a key driver for any purchasing decision. Although some recycled products have greater up-front cost, their longevity and durability make them a more cost-effective option over the long term.

ABOUT US

The concept of Reformed Plastics was born 15 years ago from the curiosity of its founder. Being an engineer by profession, and having had his own UPVC Windows business, and also being the practical and inquisitive person that he is, one day he decided to find out what was really happening to the waste that people were so freely throwing away. His research and interest lead him to focus on plastics, how it can be recycled and what it could be reused for.

He discovered that the USA & a few European countries had been recycling and remanufacturing waste plastics into alternative timber products for many years, instead of throwing it all into landfill! Over time, slowly but surely he developed a few basic products in the form of planks and posts and very soon he began to receive interest from people wanting to know more about this revolutionary product that is both an environmentally friendly alternative to normal timber and sustainable which means it will save them a lot of money in the long term!

From then on, the rest as they say is history.

TESTIMONIALS

1 BRIAN MEAKER

"I received the Octagonal Picnic Table on time and we unloaded safely over the low wall into the patio area using the wagon tail lift.

The table exactly fits our requirements! Thanks again for providing the effort and excellent service to deliver throughout the purchasing process."

2 DOUG KIRBY

"Not only was delivery Prompt and Easy, the Reformed Plastics driver incredibly Helpful. The product is Great. 4 years on and looks Brand new. Better yet it's Recycled! "

3 AMANDA AGAR

"I just wanted to say Thank you for all your help over the past few months regarding my nephews memorial Bench. The installation went ahead as planned on the 12th April, and we are all very happy with the end result. Your professionalism and understanding over the past few months is greatly appreciated. If you wish to see the pictures and read the story you can go to burtonmail.co.uk and search Jordan Agar and you should be able to see a slideshow and story of the memorial bench. Many Many Thanks "

4 PAUL THOMAS

"5 years on and the cabin is looking Great – the plastic posts were a Fantastic solution. I would highly recommend them to all Deck builders and for any application where posts into the ground are needed. Set them in concrete and forget them. Brilliant! "
