

REFORMED PLASTICS REFLECT ON A FANTASTIC 2015!

At Reformed Plastics, 2015 was our busiest year to date. We are happy to report that our business continues to grow year on year as our total sales increased by 25% as compared to 2014! As they say, onwards & upwards.

“BRIAVELS COURT” - EPSOM

Last summer we undertook one of our biggest projects to date where we had to produce 189 identical 4ft. long window boxes (able to accommodate various flowers & plants) all made & installed to a precise specification. These were requested by a private development of apartments in Epsom, Surrey and were installed in groups of 3 window boxes assigned to 63 windows split between ground, first and second floors, spread over 7 large apartment blocks across the site!

Our clients were so taken with our product, they even asked us to install a low post & rope fence to border a private grassed area next to a busy junction as well, which we were happy to accommodate.

During our time on site we received many positive comments from the residents of Briavels Court, expressing how happy they were with the work being carried out and the exceptional & professional experience we offered. We felt on the whole the schedule ran smoothly and we would definitely class it as a highly successful & pleasing project.

NEW FOREST SHOW 2015

Exhibiting at the New Forest Show has not only become one of the highlights of our calendar year here at Reformed Plastics, but a firm tradition that we look forward to more and more. From the 28th - 30th July our team were once again stationed in our usual spot at the show for 3 days in the 'New Forest Corner', and we are happy to report that our 6th consecutive year proved to be as successful as ever!

We would like to take this opportunity to say to the thousands of people who came to visit us on our stand (quite a few are now familiar faces), a BIG Thank You! We try to do what we do so well, that those that visit & buy from us will want to do so again, and encourage their friends to as well.

FLIRT CAFE - BOURNEMOUTH

Last year we installed many decks across Dorset, including at Flirt Café Bar in Bournemouth who commissioned us to create a custom made decking area complete with perimeter handrail and 4 planters to revamp their outside space. It also incorporates a ramp to allow access to those less mobile members of society and to families with buggies and young children. The job took just over 2 weeks to complete and has received great feedback from the Flirt Café owners and their customers!

Peter Moody owner of Flirt Café comments, "We saw Reformed Plastics' feature in HOUSE magazine and we're very glad we did. We met David and Martyn and they designed the deck, gave a really good price and the Planning Department were happy to grant us permission because they could also see that this type of structure would still look good in many years because it doesn't need anything more than an occasional wipe/brush over!"

We are really pleased with our deck, but more importantly, our customers Love it too because it feels a much nicer place to sit. Money very well spent!!"

UP THE CHERRIES!

In support of AFC Bournemouth at the start of, and throughout, their first ever Premiership season we created our specially themed "Cherries" outdoor furniture range. Allowing people to enjoy their outdoor space whilst showing support for our local team!

HAPPY CUSTOMERS!

They say "no news is good news", but after receiving an overwhelmingly positive testimonial (& many pictures) from a delighted customer from over 2 years ago offering commendations for both our service and for the product that we supplied her, I can safely say her news was Great news!!! For customers like her that go out of their way to do this, is what makes being in business all worth while! Here's just a snippet of her kind words. To read in

full please check out our Testimonials page on our website www.reformedplastics.co.uk/testimonials

"We would strongly recommend your company and the product as a first choice! Thank you for being so lovely and candid. It is rare to find a company that has such integrity and is so customer centric."
