

REFORMED PLASTICS AT THE NEW FOREST SHOW

We had another fantastic year attending the The New Forest and Hampshire County Show at the end of July. It was a great opportunity to display our products and discuss the benefits of using Reformed Plastics with a wide audience.

A highlight of this years show was when our team was awarded third place in the “Small Trade Stands” category. In the most competitive category (with over 150 small stands) the judges complemented our exhibit & staff for standing out for being inviting, colourful, well laid out, displaying a great variety of products and embracing the spirit & vibrancy of The New Forest Show!

We would like to say a big thank you for this fantastic recognition of our hard work, we had a great week making lots of sales and contacts. We loved interacting with the hundreds of people that came to see us and are already looking forward to next year.

WHY CHOOSE REFORMED PLASTICS?

Reformed Plastics produce a wide range of Outdoor furniture, Decking, Fencing, Planters and Landscaping products so that you can relax outdoors. You can also feel good about yourself knowing you’re doing your

bit to help & protect the environment as our products are made from 100% recycled plastic.

All the plastic used is recycled in the UK and is a perfect alternative to wood. Our aim is to help rebuild the environment by utilising a commodity which people would otherwise just throw away, and so turn what to some would be rubbish into a valuable product for everybody.

The Benefits of Reformed Plastics products:

- It is UK designed and built
- Bespoke design solutions
- Safe and secure
- No splintering
- Maintenance free
- Easy to clean
- A range of colours and textures
- Will not need painting or staining
- Will never rot
- Sustainable sturdy alternative to traditional materials
- Resistant to salt water
- Resistant to chemicals
- Resistant to insects and bacteria
- Resistant to vandalism

- Non-slip decking
- Lasts for over 50 years
- Strong, durable and wear resistant

WHAT CAN THE PLASTIC BE USED FOR?

At Reformed Plastics we stock, manufacture & sell direct to you finished products all made from 100% Recycled Plastic. They’re safe as they will Not splinter or tire, so they’ll stay looking great for good, Guaranteed!

Our products are perfect for Schools, Businesses, Restaurants and the Home, just to name a few. Our Maintenance Free plastic has many practical & very useful properties. It can be used for many different applications, such as Decking, Fencing, Outdoor furniture, Playground equipment, Planters, Landscaping, Bollards, Signage & Construction etc.

- Quality Decking, Fencing & Furniture.
- 100% Recycled Plastic.
- Can be worked with like wood.
- Does not rot, split or splinter.
- Strong, Durable & Weather Resistant.
- Maintenance Free & lasts over 40 years!
- Local, Friendly Family run business.
- Unique, High Quality Personal Service.
- Nationwide Delivery.

The physical advantages it has over traditional materials are staggering therefore making it a much more cost-effective alternative in the long term!

WHY ARE OUR PRODUCTS DIFFERENT?

Plastic lumber is the perfect alternative to anything that has ever needed maintaining. It can be cut with a regular saw, drilled, nailed or screwed into and routed as easily as wood, but can also be cleaned with anything from only a damp cloth to a pressure washer if you wish, without causing any harm.

DOES IT NEED TO BE CLEANED?

Our products only need to be cleaned after a spillage. The collection of airborne dirt is inevitable and we would recommend a simple spray-down with a hose or wipe over with a damp cloth on a regular basis to ensure that your purchase is kept in the best condition.
